Auckland

I have recently completed a Bachelor of Creative Technologies at AUT. During my final year, I focused on web development uni projects and decided to pursue a career in this field.

As of April, I have completed my 12-week Full Stack Developer Accelerator at Mission Ready.

I love learning and have had a long-lasting interest in technology and innovation.

Outside of this I enjoy the gym, exploring new places, foods and experiences.

EXPERIENCE

Mission Ready | Full Stack Developer Accelerator

Jan 2023 - Apr 2023

- Worked in collaborative teams with weekly team meetings discussing individual and project progress.
- Independent full stack programming, finding solutions and solving problems.

Play Distribution | Warehouse Assistant

Nov 2020 - Apr 2022

- Worked in a fast-paced teamwork-based environment.
- Prepared and reviewed orders for shipping, ensuring order quality and accuracy under time constraints.

EDUCATION

Auckland University of Technology | Bachelor of Creative Technologies

Feb 2020 - Nov 2022

PROJECTS

Mission Ready | LevelUp Works

Participated in a simulated organizational environment, performing the role of a software developer. Worked collaboratively in a team to complete the development of an application, according to the technical and functional requirements.

Current: Personal Project | Cryptocurrency App

Developing a personal project with key features being a portfolio to track cryptocurrency and a overall coin data page with possible additional features. Using React.js, React Query, Typescript, CoinGecko API.
